Ms. Fredda Monn

Director, Equal Employment Opportunity Office

NYC Administration for Children's Services

150 William Street, 6th Floor

New York, NY 10038

Dear Ms. Monn:

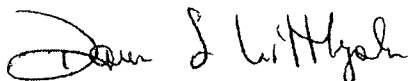

This letter is meant to serve as a follow up to our April 20th discussion in which I provided information on the emotional distress I suffered at the hands of my current supervisor, Brandon Stradford, due to his unwanted physical advances. Therefore, at this time, I am requesting your assistance in a transfer to an alternate unit in the agency, as Mr. Stradford created a hostile working environment that has impacted my ability to effectively fulfill the expectations of my position.

As a result of sexual harassment-hostile environment I have suffered from anxiety and was forced to take a stress-related medical leave due to severe gastritis, nausea and body pain caused by working in this intolerable environment. I am currently under the care of a gastroenterologist and have sought professional counseling as well. Both professionals agree that my having to endure a hostile work environment has caused a deterioration in my health, mental anxiety and distress.

I am scheduled to return to work on June 5, 2012, and have now begun suffering from insomnia and have a continuous feeling of dread about returning to my current work location. I am disgusted and appalled at the prospect of returning to my current worksite. Just the thought of having to endure Mr. Stradford's daily threats and/or write ups suggesting that he will lower my title and pay simply because I rejected him as well as filed an EEOC complaint. I am currently on an approved FMLA leave and have attached a copy of this form for your review. Please let me know if you require additional documentation.

Again, I would greatly appreciate your assistance in being provided an opportunity to work diligently to meet expectations in a new unit where I can feel safe.

Sincerely,
